

Innovation-based Regional Change in Europe: Chances, Risks and Policy Implications

Knut Koschatzky, Thomas Stahlecker (eds.)

Innovationspotenziale

Contents	Page
1 Innovation-based regional change – An introduction	1
<i>Knut Koschatzky, Thomas Stahlecker</i>	
2 Innovation-based regional change in Europe – challenges and policy frameworks in different regional contexts	7
<i>Thomas Stahlecker, Knut Koschatzky, Henning Kroll</i>	
2.1 Problem and objectives.....	7
2.2 Theoretical background: growth and regional development	8
2.3 Regional structural change in Europe: disparities, convergence and divergence	11
2.4 Typology and analysis of regions with structural deficits	12
2.4.1 Using typologies as a conceptual framework	12
2.4.2 Description and analysis of the regional types	15
2.4.2.1 Agricultural regions with technological islands	15
2.4.2.2 Metropolitan regions with systemic weaknesses	18
2.4.2.3 Partially industrialised regions with inefficient production facilities	22
2.4.2.4 Regions with fragmented, small-scale industrial structures	25
2.4.2.5 Peripheral-fragmented, mono-structured regions with adopted technologies.....	29
2.4.2.6 Mono-structured old industrial regions (in particular coal and steel based)	32
2.4.3 Conclusion of the comparison of the regional types	36
2.5 Implications of the different forms of regional structural change in Europe for East Germany	38
2.6 References.....	39

3	Broadening perspectives: innovation outside of agglomerations	47
	<i>Martin Graffenberger, Lukas Vonnahme, Matthias Brachert, Thilo Lang</i>	
3.1	Introduction.....	47
3.2	Extending perspectives on innovation activities in economic geography.....	49
3.3	The spatial distribution and innovation patterns of innovative firms in Germany	52
3.3.1	Remarks on methodological proceedings	52
3.3.2	The spatial distribution of Hidden Champions in Germany	53
3.3.3	An analysis of R&D intensity, innovation activities and cooperation behaviour of firms across Germany	57
3.3.3.1	R&D activities and human capital	57
3.3.3.2	Frequency and types of innovation.....	59
3.3.3.3	Interaction and cooperation behaviour	60
3.4	Conclusions	62
3.5	Literature	64
4	Great expectations – inconsistent delivery: universities in the regional development of England's lagging regions	69
	<i>David Marlow</i>	
4.1	Introduction.....	69
4.2	Background	70
4.2.1	Differential place-based challenges of productivity and innovation-led growth	70
4.2.2	Universities, innovation-led growth, and place-based development.....	71
4.2.3	Barriers to the university roles	74
4.3	Cases	75
4.3.1	Newcastle and the North East.....	75
4.3.2	The case of Lincoln and Lincolnshire	77
4.3.3	Tentative case study lessons	80

4.4	Mitigating the tensions of inconsistent delivery	81
4.4.1	The university in its context.....	81
4.4.2	Universities in leadership and governance of place.....	82
4.4.3	City and regional leadership and governance development	84
4.4.4	Reforms of national systems and enhanced devolution	85
4.5	Conclusions	86
4.5.1	Issues of UK policy and practice.....	86
4.5.2	Recommendations for further academic work	88
4.5.3	Tentative insights for EU policy and practice	88
4.6	References.....	89

5 South Moravia: from a quick fix by foreign investments towards a bottom-up policy learning? 93

Jiří Blažek, David Uhlíř, Viktor Květoň, David Mareš

5.1	Introduction: specific challenges of a recent economic and institutional evolution in Czechia	93
5.2	Socio-economic profile of South Moravia	97
5.3	Key organisations of regional innovation system in South Moravia	99
5.4	The evolution of regional innovation strategies in South Moravia	102
5.5	Building a collaborative model of partnership	108
5.6	The university – business nexus and key instruments enhancing connectedness	110
5.7	Conclusions	112
5.8	References.....	115

6 Regional innovation systems in Portugal: an approach to the Centro Region case 119

Domingos Santos

6.1	Introduction.....	119
6.2	The Centro Region innovation system	120
6.2.1	National and EU contexts	120
6.2.2	The Centro Region S&T system: inter-regional perspective	124
6.2.3	The RD&I infrastructure.....	125
6.2.4	Enterprise incentives system.....	128
6.2.5	Governance	129
6.2.6	RIS main innovation barriers	130
6.2.7	RIS main innovation drivers.....	133
6.2.8	The Centro innovation system – synthesis.....	135
6.3	Public policy measures for a (possible) intervention	136
6.3.1	The need to avoid some misconceptions	136
6.3.2	Redesigning public policies conducive to innovation.....	138
6.4	Conclusion.....	139
6.4.1	References	141

7 On the support of regional policy for firm innovation: the experience of the Emilia-Romagna region (Italy)..... 145

Davide Antonioli, Sandro Montresor

7.1	Introduction.....	145
7.2	The additionality of innovation policies: an updated review of the literature.....	147
7.2.1	Input additionality.....	150
7.2.2	Output additionality.....	154
7.2.3	Behavioural additionality.....	157
7.3	On the evaluation of innovation policy at the regional level: the experience of PRRIITT in Emilia-Romagna (Italy).....	160
7.3.1	The Regional Programme for Industrial Research, Innovation and Technology Transfer (PRRIITT)	162

7.3.1.1	The PRRIITT input additionality	167
7.3.1.2	The PRRIITT output additionality	169
7.3.1.3	The PRRIITT behavioural additionality	170
7.4	Concluding remarks	172
7.5	References.....	174
