ACKNOWLEDGEMENTS
 The authors wish to thank the Cartographic office of the Puglia Region (<http://www.sit.puglia.it>), for providing the topographic data. Bathymetric contour lines were interpolated from Piano Nautico n. 204 - Isole Tremiti and Pianosa (Istituto Idrografico della Marina Militare). LIDAR is provided by Ministero dell'Ambiente e della Tutela del Territorio e del Mare (<http://www.minambiente.it/>).
